

Care Center Holds Halloween Festivities

Wave 8 Nov 1984

Did all the kids in Heber Valley get their bags filled with goodies this year? The staff at Heber Valley Care Center know that over 400 children from the community went home safe and happy after trick or treating and refreshments.

According to Stella Mitchell, Recreation Director of the Center, the evening had a two fold purpose. To provide a safe warm and festive atmosphere for trick or treaters as well as an opportunity for the elderly residents to restore their self esteem by meaningful outside contact.

Mrs. Mitchell also commented that because of the positive support by local businesses, along with staff and volunteer response. The evening was a tremendous success.

The staff at the Care Center would like to give special thanks to the following businesses for their support.
